A great family day out

The centre is full of new and exciting things to see and do! From walking the largest sculpture park in the UK to dining in the eclectic Forge Café, we offer a truly unique experience for all of the family.

Take a safari buggy or one of our bicycles and explore the centre, encountering charging elephants, flocks of flamingos and giant giraffes. See some of the UK's most famous art pieces such as the Spoon Gorilla and the Knife Angel (intermittently on a national tour).

Our Emporium & Showrooms

For those who love interiors, design & all things beautiful, we have an exciting collection of unique home & garden must-haves, sculptures, fine jewellery, gifts & furnishings. We also have over 100 artists within our Artist Support Programme, displaying their pieces here. Don't miss the pop-up stores selling all things handmade!

Forge Café

The Forge Café is open daily, serving an array of home-made meals, paninis, soups, salads & cakes. For those with a sweet tooth, try our Afternoon Tea with homemade scones with jam & clotted cream or a selection of cakes & pastries.

Unique days out

We offer a number of fabulous experience days, complimentary coach trips and group days out. Experience workshops to impress & entertain whilst learning new skills such as Wood turning and Candle making. To book your group visit, please contact the Centre where we will plan your trip, including free demonstrations and a host to talk you through the Centre's history and most famous works.
